Philadelphia, July IIth, 1883.

To the Right Reverend William Bacon Stevens,

Bishop of the Diocese of Pennsylvania;

Right Rev. Sir:--

We, the undersigned, renters of pews or sittings in, or contributors to the support of the Church of the Evangelists, and attendants and worshippers in the said Church; all being communicants, beg leave to present this petition for your consideration, on behalf of the congregation.

We have been informed that a communication has been sent to you by the present acting Vestry of the Church, asking your consent to a dissolution of the pastoral connection now existing, between our Rector, the Rev. Henry R. Percival, and the Church.

We would represent that among the worshippers, and attendants at the services in the Church, no dissension, nor dissatisfaction exists, and that should the Rector leave, it would be a source of great regret to the congregation, and probably result in its dissolution.

The resolution passed by the present acting Vestry we assure you, is contrary to our often expressed wishes and

desire, and we beg that we may be allowed this method of proving to you that it does not express the wish of the congregation.

Very Respectfully,
